

don't let your photos go undressed!

photoDUDS files are mainly TIFF, PNG, and ABR. There are no plug-ins, filters, or executable files. Can be used on Macs or PCs, with Photoshop 7 and higher, and most image editing software.

GETTING STARTED

Insert CD/DVD.

Copy entire contents to your computer.

LOADING BRUSHES (Photoshop 7 & higher)

In the Brushes Palette menu, click on the pop-up menu.

Select Load Brushes.

Browse to and load the saved ABR file.

The brushes should now be visible in your Brushes Palette.

You may need to scroll down to see the newly added brushes.

CREATING BRUSHES WITH OTHER PROGRAMS

Open a PNG Brush File in your image editing software.

Create a brush from that file according to your software manufacturers directions.

BACKGROUNDS, OVERLAYS, EMBELLISHMENTS & FRAMES

Open your photo in image editing software.

Open desired photoDUDS file.

Drag photoDUDS file into photo file.

Play!

DESIGN SUGGESTIONS

Adjust Hue/Saturation to match your photo.

Try various blending modes.

Adjust opacity of overlays/backgrounds.

Use more than one embellishment in a grouping.

Mix and match from different photoDUDS volumes.
